#### 5. Directors' remuneration

Directors do not receive any remuneration from Adara Development (Australia) ("the Company").

#### 6. Environmental regulation

The operations of the Company are not subject to any particular or significant environmental regulations under any law of the Commonwealth or of a State or Territory. Notwithstanding, directors are not aware of any breaches of any environmental regulations.

#### 7. Principal activities

The Company is the global support office for all Adara Development entities globally which include Adara Development (Bermuda), Adara Development (UK), Adara Development (Uganda) and Adara Development (USA). Together, these entities constitute Adara Development. The principal activity of the Company during the financial year was the management and administration of Adara Development's work in international aid and development. Adara has two areas of expertise: Maternal Newborn Child Health and Remote Community Development.

Although Adara Development's work spans many countries, our work in Maternal, Newborn and Child Health is focused on strengthening services in Central Uganda by supporting holistic programmes that ensure women and children have access to critical health services across the continuum of care. Hand in hand with Kiwoko Hospital, we have demonstrated the impact of an integrated model of care that encompasses training and clinical support, and also ensures the hospital is equipped with adequate facilities, staffing, equipment and supplies.

Together, Adara Development and our partner Kiwoko Hospital provide women with antenatal care, in the hospital and through community outreach clinics; help women deliver their babies safely; provide expert support to babies needing specialised care in the neonatal intensive care unit (NICU); provide community outreach services and health promotion; train village health workers and clinicians from the local district health system; provide a family-centred discharge package to ensure babies receive support after discharge from the NICU; and equip health workers with personal protective equipment and protocols so they can continue their essential work safely during the COVID-19 pandemic.

Now, Adara Development has ambitious plans to expand the high-impact maternal and newborn care model they have pioneered at Kiwoko Hospital - called 'AdaraNewborn' - to other Ugandan health facilities. To test our approach, we are establishing Nakaseke Hospital as the first 'AdaraNewborn' site by supporting the hospital to develop a special care baby unit and upgrading maternity and antenatal services.

Adara Development is also working in partnership with other global health leaders on projects to improve newborn survival. One of these projects is the Safe Bubble CPAP Project which will address the lack of access in low-resource settings to safe and affordable treatment for respiratory distress syndrome - the most common cause of disease and death for babies born before 34 weeks gestation. We have also implemented a community-based training programme delivered in small groups to young children living with a disability and their caregivers. The programme is called ABAaNA and is focused on empowering caregivers and their wider family by increasing understanding of their child's needs and boosting their confidence.

To ensure vulnerable infants receive the support they need once they are discharged from the Kiwoko Hospital NICU, Adara also runs a "Hospital to Home" (H2H) programme. This programme provides vigilant, in-home follow-up support, helping babies to survive and thrive. The H2H programme has two components to maximise babies' chances of a healthy life: strengthening hospital discharge processes in the NICU and a follow-up programme for babies after discharge from the NICU. By following up these babies, we can identify any issues and intervene early, giving these infants the opportunity to reach their full potential.

#### 7. Principal activities (continued)

Our work in Remote Community Development primarily takes place in a remote mountainous region of Nepal called Humla, home to over 60,000 people. Our focus in Humla is on long term sustainable support to improve health and education for the region. Our health initiatives in Humla aim to improve local health services; provide COVID-19 training; increase health awareness; protect health workers through the provision of personal protective equipment; and improve nutrition, hygiene and sanitation. Our education initiatives span eight schools in the district and focus on distance education programmes for students during periods of lockdown; school improvement, including teacher employment and training; school infrastructure and materials; after-school activities; and vocational scholarships. By improving education in the district, we also aim to eliminate child trafficking.

Following the Nepal earthquake in 2015, Adara's remote community development work expanded to the district of Ghyangfedi, a small remote community in the Nuwakot district, northeast of Kathmandu. Immediately after the earthquake, Adara delivered emergency food, medical, and shelter support to this community. Using the expertise gained delivering remote education programmes in Humla since 1998, Adara built and continues to support a new earthquake-resistant school for over 300 students. The Shree Ghyangfedi School opened in June 2017. We also work to improve the quality of education in seven primary feeder schools surrounding Ghyangfedi.

Adara Development has also become an expert in the care and rehabilitation of trafficked children in Nepal, after rescuing 136 children from inhumane conditions in 2006. Since then, we have cared for these children, ensuring they were educated and healthy as we slowly and carefully repatriated them with their families.

In Nepal, Adara Development also works alongside local partner organisations to assist with the operation of free health clinics, and to help young girls from disadvantaged backgrounds to attend school.

All the Company's activities as part of Adara Development provided better health and education opportunities for disadvantaged children and their families, which helped meet key objectives of the Company. There were no significant changes in the nature of the activities of the Company during the year.

### 8. Short and long-term objectives, strategy and performance measures

The Adara Group believes that each and every person should have access to quality health, education and other essential services, no matter where they live. The first part of the Adara Group is an international development organisation called Adara Development that has expertise in maternal, newborn and child health, and remote community development. Adara Development has worked in Nepal and Uganda since 1998.

The second part of the Adara Group consists of two businesses, Adara Partners (Australia) Pty. Limited and Adara Advisors Pty. Limited, which are 'for purpose' rather than for profit. Their sole objective is to fund Adara Development's administration and emergency project costs.

Adara Development has two pillars which are fundamental to our strategy and achieving our goals - best practice service delivery and knowledge sharing. In its service delivery, the Company aims to support the communities it partners with by implementing high quality and holistic projects that are based on research and improve health and education outcomes.

The Company also shares knowledge locally, nationally and globally with governments and other development agencies in the areas of the Company's expertise. The Company's Monitoring and Evaluation team measure performance and outcomes on project sites. The Company also conducts research in key areas of intervention to ensure that activities are aligned with the mission. Each project has its own key performance indicators built into the project plan and they are related to the project outputs.

Directors' report (continued)
For the year ended 31 December 2020

#### 9. Review of operations

The operating result for the year was a surplus of \$241,713 (2019: surplus of \$107,526). The Company is exempt from income tax.

#### 10. Dividends

The Company's constitution does not permit payment of dividends and therefore no dividends have been recommended or paid for the year.

#### 11. Significant changes in the state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Company that occurred during the financial year under review not otherwise disclosed in this report.

#### 12. Likely developments

The Company will continue to carry on the principal activities to meet the Company's objectives as noted above. This will require further investment in core support and new and established projects which have performed well over recent years and offer sound opportunities for future developments.

#### 13. Events Subsequent to Reporting Date

On the 3rd December 2020, 74,311 ordinary shares in Ansarada NewCo Pty Ltd were gifted to Adara Development (Australia) and subsequently transferred in consideration for the issue of 199,836 shares in the docyard Limited, the docyard Limited subsequently changed its name to Ansarada Group Limited. The shares were held in escrow from the 3rd December 2020 and released on the 11th March 2021 at which date they were recognised as an asset of the Company.

In the interval between the end of the financial year and the date of this report, there has been no transaction or event of a material or unusual nature likely to significantly affect the operations of the Company or the state of affairs of the Company in future years occurred.

#### 14. Insurance and indemnification of directors, trustees and others

During the financial year, Adara Development (Australia) paid a premium of \$4,750 (2019: \$4,662) to insure the Adara Development entities and the directors, officers, trustees, management committee members and employees (among others) of those entities from losses arising from claims for acts or omissions of those persons while acting in that capacity. Covered losses include awards of damages, settlement amounts and legal costs of the insured and claimant.

Coverage is excluded in the case of fraudulent or wilfully unlawful conduct by an insured and in other specific circumstances depending on the type of claim (such as employment or professional services-related claims). It is not possible to apportion the premium between amounts relating to the insurance against legal costs and those relating to other liabilities.

The Company has not agreed to indemnify the auditor.

### 15. Members' guarantee

In accordance with the company's constitution, each member is liable to contribute a maximum of \$20 in the event that the company is wound up. There are 61 members of Adara Development (Australia) (2019: 61).

Directors' report (continued)
For the year ended 31 December 2020

#### 16. Non-audit services

During the year ended 31 December 2020 HLB Mann Judd, the Company's auditor, has not performed any other services in addition to their statutory duties. No non-audit services were provided by HLB Mann Judd during the financial year.

### 17. Auditor independence and non-audit services

A copy of the lead auditor's independence declaration as required under subdivision 60-C section 60-40 of the *Australian Charities and Not-for-profits Commission Act 2012* is set out on page and forms part of the directors' report for the financial year ended 31 December 2020.

This report is made in accordance with a resolution of the directors.

### Notes to the financial statements

### For the year ended 31 December 2020

#### 1. Reporting entity

The Company is a not for profit company limited by guarantee and domiciled in Australia. The Company is registered under the Australian Charities and Not-for-profits Commission Act 2012, Australia.

Adara Development (Australia) has an international non-governmental organization ("INGO") that is domiciled in Nepal, which is governed by a general agreement between the Social Welfare Council, Nepal and Adara Development (Australia). The INGO is reflected as a foreign operation of Adara Development (Australia).

The financial statements of the Company for the period ended 31 December 2020 are representative of a single entity.

The long term objective and purpose of the Company as part of Adara Development is to bridge the world of business and the world of people in extreme poverty, and to support vulnerable communities with health, education and other essential services.

Information on the principal activities, operations and strategy of the Company is set out on pages 4-5 of the Directors' Report.

The financial statements were approved by the Board of Directors on 27 April 2021.

### 2. Basis of preparation

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### a) Statement of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements, the Australian Charities and Not-for profits Commission Act 2012, Urgent Issues Group Interpretations and the Corporations Act 2001.

#### Compliance with Australian Accounting Standards - Reduced Disclosure Requirements

The financial statements of the Company comply with Australian Accounting Standards - Reduced Disclosure Requirements as issued by the Australian Accounting Standards Board (AASB).

#### b) Basis of measurement

These financial statements have been prepared on a going concern basis and are based on historical cost.

Adara Development (the "Group") represents collectively a group of legal entities which are not held by a separate parent entity. The legal entities - Adara Development (Australia), Adara Development (Bermuda), Adara Development (UK), Adara Development (Uganda) and Adara Development (USA) - are under the decisions of their respective directors or trustees that have mutually agreed to operate under a common Memorandum of Understanding (MOU). The MOU supports the transfer of funds between Adara Development entities in order to meet the programme and administration costs.

## Notes to the financial statements (continued)

### For the year ended 31 December 2020

#### 2. Basis of preparation (continued)

#### c) Use of accounting estimates and judgements

The preparation of a financial report requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period and future periods.

#### COVID-19

The impact of COVID-19 is ongoing and while it has not had a significant detrimental effect on the Company up to 31 December 2020, it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation is rapidly changing and is dependent on measures imposed by the government, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

#### d) Functional and presentation currency

These financial statements are presented in Australian dollars. The functional currency of the Company is also Australian dollars.

#### 3. Significant accounting policies

#### a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is recognised under AASB 1058 unless it has been determined that AASB 15 applied. To be in the scope of AASB 15, the contract must be:

- a) enforceable
- b) contain performance obligations that are sufficiently specific to enable determination of when the obligation has been satisfied and
- c) not result in goods and services specified being retained by the entity

Should these conditions be met the donation is assessed under AASB 15 and is recognised when performance obligations are satisfied. The Company receives the majority of its income from donations which are recognised when received directly by the Company.

#### b) Deferred revenue

The liability for deferred revenue is the unutilised amounts of grants and donations received on the condition that specified services are delivered or conditions are fulfilled. The services are usually provided or the conditions usually fulfilled within 12 months of receipt of the grant or donation.

#### c) Donated goods and services

Amounts relating to goods and services donated are included in the financial statements when the Company gains control, economic benefits are probable and the amount of the donation can be reliably measured.

The Company also received pro-bono professional goods and services, as well as support from skilled volunteers during the financial year, which include legal and compliance support, audit services, medical equipment, volunteer services for events coordination, administration support and medical advisory. The value of these services was not recognised in the statement of profit or loss and other comprehensive income as it cannot be reliably measured.

Notes to the financial statements (continued)

### For the year ended 31 December 2020

#### 3. Significant accounting policies (continued)

#### d) Expenses

Expenses are presented by nature in the statement of profit or loss and other comprehensive income.

#### e) Income tax

No income tax is payable as the Company is exempt under Australian taxation legislation.

#### f) Non-derivative financial assets

The Company has the following non-derivative financial assets: cash and cash equivalents and other current assets.

#### (i) Cash and cash equivalents

The Company considers all deposits with financial institutions that can be withdrawn without prior notice or penalty, and all term deposits with an original maturity of 90 days or less, as equivalent to cash.

#### (ii) Other current assets

Other current assets are initially recognised on the date that they are originated at fair value. Subsequent to initial recognition they are carried at amortised cost while prepayments are measured at cost. These amounts are non-interest bearing and unsecured.

### g) Property, plant and equipment

Property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Depreciation on the assets is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives as follows for the current and prior year:

Office equipment

3 to 5 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

#### h) Intangible assets

Intangible assets include website development and software. The costs incurred in developing the website and the costs to enable the use of software, that will contribute to future period financial benefits through revenue generation and/or cost reduction, are capitalised to intangible assets. Costs capitalised include only external direct costs of materials and services.

Website development costs include only those costs directly attributable to the development phase. Software costs include only those costs directly attributable to the purchase of the software and costs directly attributable to the implementation and ongoing use of the software.

#### 3. Significant accounting policies (continued)

#### h) Intangible assets (continued)

Intangible assets are only recognised following completion of technical feasibility and where there is an intention and ability to use the asset.

Amortisation of website development and software is calculated on a straight line basis over the period of 4 years, commencing once the asset is in use, for the current and comparative period.

#### i) Non-derivative financial liabilities

Financial liabilities measured at amortised cost comprise trade and other payables and borrowings. The Company has the following non-derivative financial liabilities: financial liabilities measured at amortised cost. Trade and other payables represent liabilities for goods and services provided to the Company to the end of the financial year that are unpaid. These amounts are unsecured and are usually settled within 30 days of recognition.

#### j) Employee benefits

#### (i) Short-term employee benefit obligations

Short-term employee benefit obligations are the liabilities for salaries and wages, including non-monetary benefits and annual leave, expected to be settled within 12 months after the end of the period. The liabilities are recognised in respect of employees' services up to the end of the reporting period. The amounts are measured at the undiscounted amounts expected to be paid when the liabilities are settled.

#### (ii) Other long-term employee benefit obligations

The liability for long service leave and annual leave which is not expected to be settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future salary and wage levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

#### k) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included within other receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from or payable to the taxation authority are presented as operating cash flow.

#### I) Foreign currency translation

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in the statement of profit or loss and other comprehensive income under foreign exchange gains/losses. The results and financial position of operations that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- · assets and liabilities are translated at the closing rate at balance date,
- income and expenses and the statement of profit or loss and other comprehensive income are translated at average exchange rates, and
- all resulting exchange differences are recognised in other comprehensive income.

### Notes to the financial statements (continued)

#### 3. Significant accounting policies (continued)

#### I) Foreign currency translation (continued)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of the initial transaction. Non-monetary items measured at fair value in the foreign currency are translated using the exchange rates at the date when the fair value is determined.

#### m) AASB 9 Financial Instruments

#### (i) Recognition and derecognition

Financial assets and financial liabilities are recognised when Adara Development (Australia) becomes a party to the contractual provisions of a financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

#### (ii) Classification and measurement of financial assets and financial liabilities

AASB 9 contains three principal classification categories for financial assets: measured at amortised cost, Fair Value through Other Comprehensive Income (FVOCI) and Fair Value Through the Statement of Profit or Loss (FVTPL). The classification of financial assets under AASB 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. AASB 9 eliminates the previous AASB 139 categories of held to maturity, loans and receivables and available for sale. Under AASB 9, derivatives embedded in contracts where the host is a financial asset in the scope of the standard are never separated. Instead, the hybrid financial instrument as a whole is assessed for classification.

The following table and the accompanying notes below explain the measurement categories under AASB 9 for each class of Adara Development (Australia)'s financial assets and financial liabilities as at 31 December 2020.

Type of Financial Instrument	Classification under AASB 9
Financial assets	Classification under AAOD 3
Cash and cash equivalents	Financial assets at Amortised Cost
Trade and other receivables	Financial assets at Amortised Cost
Financial liabilities	
Trade and other payables	Financial liabilities at Amortised Cost

#### (iii) Impairment of financial assets

AASB 9 replaces the 'incurred loss' model in AASB 139 with an 'expected credit loss' (ECL) model. The new impairment model applies to financial assets measured at amortised cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments. Under AASB 9, credit losses are recognised earlier than under AASB 139.

For assets in the scope of the AASB 9 impairment model, impairment losses are generally expected to increase and become more volatile. Adara Development (Australia) has determined that there has been no requirements at 31 December 2020 which require an additional allowance for impairment.

#### 3. Significant accounting policies (continued)

#### n) Government grants and assistance

Government payments in relation to support during the Coronavirus crisis were received. Government grants are recognised when received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

### o) New and revised accounting standards and interpretations

The Company has adopted all of the new or amended Accounting Standards and Interpretations in line with Australian Accounting Standards Board ("AASB") that are mandatory.

#### 15. Accumulated funds (continued)

#### b) Source of funds

#### Core support

The core support funds support day to day operations of the Company in managing and administering the operations of Adara Development, as well as programme expenses.

Adara Advisors Pty. Limited, Adara Partners (Australia) Pty. Limited and a small number of core support partners cover 100% of core support expenditure.

#### **General funds**

General funds support international programmes in Remote Community Development and Maternal Newborn Child Health, as well as Innovation, Learning and Evaluation activities and are not specific to project or jurisdiction.

#### Maternal Newborn Child Health and Remote Community Development programmes

Maternal Newborn Child Health and Remote Community Development funds support programme expenses as well as salaries, office costs and partner support, which are specific to project or jurisdiction.

#### 16. Related party transactions

#### a) Directors' compensation

The directors act in a voluntary capacity and receive no compensation for their services.

#### b) Transactions with director-related entities

Adara Development (Australia), Adara Development (Bermuda), Adara Development (UK), Adara Development (Uganda) and Adara Development (USA) together constitute Adara Development.

Adara Development is managed and administered by Adara Development (Australia). Adara Development (Australia) in its capacity as manager and administrator determines the projects in respect of which Adara Development is involved and is responsible for general management and operational decision-making in relation to all in-country programmes (including recruiting and managing global staff).

The Company received donations from the following related parties:

#### 18. Commitments

#### a) Commitments to Non-Government Organisations

During the year Adara Development (Australia), Adara Development (USA), Adara Development (UK), Adara Development (Bermuda) and Adara Development (Uganda) entered into, or were obligated by, agreements with the following Non Government Organisations ("NGOs") and Partners.

The amounts committed to by Adara Development are as follows:

	Funding committed for January - December 2021	Agreement period from	Agreement period ending
	AUD		
Adara Development Nepal	859,208	25 November 2014	Completion of project
Kiwoko Hospital	1,090,058	1 January 2019	31 December 2021
Total	1,949,266		

Adara Development reserves the right to refuse funding should any organisation fail to meet all terms and conditions as specified in the related agreements.

Funding commitments for subsequent periods are reviewed and updated on an annual basis.

Commitments will be met by current funds available and restricted donations received during the year.

#### 19. Contingencies

#### 21. Financial instruments

The Company's financial instruments comprise cash and cash equivalents, other receivables and trade and other payables.

The Company's activities expose it to the following risks from its use of financial instruments:

- market risk
- credit risk
- liquidity risk

Notes to the financial statements (continued)

### For the year ended 31 December 2020

#### 21. Financial instruments (continued)

The nature and extent of the financial instruments employed by the Company are discussed below. This note presents information about the Company's exposure to each of the above risks and the Company's objectives, policies and processes for measuring and managing risk. The Board has overall responsibility for the establishment and oversight of the Company's risk management framework.

#### a) Market risk

Market risk is the risk that changes in market prices will affect the Company's income or the value of its holdings of financial instruments.

#### i Price risk

As at 31 December 2020 the Company held only cash and cash equivalents and as a result there is no exposure to price risk.

#### ii Interest rate risk

The Company's main interest rate risk arises from the cash and cash equivalents with variable interest rates, held in the Company's Commonwealth Bank of Australia savings account. The remainder of cash and equivalents do not earn interest. As at 31 December 2020 if interest rates had changed by + / - 2 basis points from year end rates with all other variables held constant, profit would have been \$76 higher or lower (2019: \$24).

The table below outlines the weighted average interest rate and the cash balances subject to interest rate risk:

		2020		2019
	Weighted average interest rate	Balance	Weighted average interest rate	Balance
	\$	\$	\$	\$
Cash and cash equivalents	0.06%	593,413	0.28%	333,835

#### iii Foreign exchange risk

The Company operates in a global environment and therefore many of its expenses are denominated in foreign currencies, principally the Nepalese Rupee and the Ugandan Shilling. As a result, the Company is exposed to market price risk through fluctuations in foreign currency.

#### b) Credit risk

Credit risk is the risk of financial loss to the Company if a donor or counterparty to a financial instrument fails to meet its contractual obligations. At 31 December 2020, the Company's assets exposed to credit risk amounted to the following:

	2020	2019
	\$	\$
Trade and other receivables	113,021	52,317
	113,021	52,317

### For the year ended 31 December 2020

#### 21. Financial instruments (continued)

#### c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Company monitors liquidity risk by monitoring forecasted cash flows.

The table below categorises the Company's financial liabilities into relevant maturity groups based on the remaining period at the date of the statement of financial position to the contractual maturity date. The carrying amounts in the table are equal to the contractual undiscounted cash flows.

Year ended 31 December 2020	Carrying value	0 - 12 months	Greater than 1 year

Employee benefits	169,051	142,886	26,165
	242,523	216,358	26,165

#### d) Capital management

The Company defines capital, for its own purposes, as restricted and unrestricted fund balances. During the year the Company's objective when managing capital, which was unchanged from previous years, was to hold sufficient unrestricted funds to enable it to withstand negative unexpected financial events and continue as a going concern and to generate sufficient contributions to meet on-going project costs and commitments. The Company seeks to achieve this objective by holding sufficient cash and cash equivalents to maintain liquidity and enable it to meet its obligations as they become due.

#### 22. Fundraising appeals conducted during the year

No fundraising appeals have been undertaken during the year.

#### 23. Events after the balance sheet date

On the 3rd December 2020, 74,311 ordinary shares in Ansarada NewCo Pty Ltd were gifted to Adara Development (Australia) and subsequently transferred in consideration for the issue of 199,836 shares in the docyard Limited, the docyard Limited subsequently changed its name to Ansarada Group Limited. The shares were held in escrow from the 3rd December 2020 and released on the 11th March 2021 at which date they were recognised as an asset of the Company.

In the interval between the end of the financial year and the date of this report, there has been no transaction or event of a material or unusual nature likely to significantly affect the operations of the Company or the state of affairs of the Company in future years.

### Directors' declaration

In the opinion of the directors of the Company:

The Code aims to improve international development outcomes and increase stakeholder trust by enhancing the transparency and accountability of signatory obligations.

### Adara Development (Australia)

Income Statement (continued)

### For the year ended 31 December 2020

Note(i): Based on ACFID Code of Conduct classification, for the year ended 31 December 2020 Adara Development (Australia) had no transactions in the following categories for Revenue: Bequests and Legacies, Grants - Dept of Foreign Affairs and Trade, Grants - Other overseas, Investment income, Revenue for International Political or Religious Adherence Promotion Programs, Donated Buildings.

Note (ii): Based on ACFID Code of Conduct classification, for the year ended 31 December 2020, Adara Development (Australia) had no transactions in the following categories for Expenditure: Community Education, International Political or Religious Adherence Promotion Programs, Domestic Programs.

Note (iii): Adara Development (Australia) receives donations to fund: International Programmes, Programme Support Costs, Fundraising Costs and Accountability and Administration Costs of related Adara Development entities (Adara Development) and its project partners. Adara Development (Australia) transfers funds to other Adara Development entities so they too can fund the aforementioned expense categories. These transfers, whilst shown separately in the statutory Financial Statements, are allocated to the expense category to which the funds are used by the other Adara Development entity.

Note (iv): Core support expenses, including administration expenses, are funded by Adara Advisors Pty. Limited (""Adara Advisors""), Adara Partners (Australia) Pty. Limited (""Adara Partners"") and a small number of other Core Support Partners. This ensures that donations received from other donors are used for Adara programmes in Maternal Newborn Child Health, Remote Community Development, partner organisations, staff on the ground and other programme support including innovation, learning and evaluation.

Note (v): Fundraising costs include both international and domestic programs. There have been no costs incurred for public fundraising.

#### Independent Auditor's Report to the Members of Adara Development (Australia)

#### REPORT ON THE AUDIT OF THE FINANCIAL REPORT

#### Opinion

We have audited the financial report and Australian Council for International Aid and Development Financial Statements (ACFID Financial Statements) of Adara Development (Australia) ("the Company").

The financial report comprises the statement of financial position as at 31 December 2020, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the director's declaration.

The ACFID Financial Statements comprises the statement of financial position as at 31 December 2020, the income statement and the statement of changes in equity for the year then ended, and notes to the financial statements.

In our opinion, the accompanying financial report of the Company has been prepared in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2020 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards Reduced Disclosure Requirements and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013.*

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by Division 60 of the *Australian Charities and Not- for-profits Commission Act 2012* has been given to those charged with governance.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Emphasis of Matter - Coronavirus (COVID-19) Pandemic

We draw attention to Note 2 to the financial statements, which describes the uncertainties and possible effects on the Company arising from its management of the on-going issues related to COVID-19. Our opinion is not modified in respect of this matter.

#### Information Other than the Financial Report and Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 31 December 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management and the Directors for the Financial Report

Management is responsible for the preparation of the financial report that gives a true and fair view in accordance with the Australian Accounting Standards – Reduced Disclosure Requirements and the Australian Charities and Not-for-profits Commission Act and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
  is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting
  and, based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial report, including the
disclosures, and whether the financial report represents the underlying transactions and events in a
manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Report on Other Legal and Regulatory Requirements

Opinion pursuant to the Charitable Fundraising Act (NSW) 1991

In our opinion:

- i. the Financial Report gives a true and fair view of the Company's financial result of fundraising appeal activities for the financial year ended 31 December 2020;
- ii. the Financial Report has been properly drawn up, and the associated records have been properly kept for the period from 1 January 2020 to 31 December 2020, in accordance with the Charitable Fundraising Act (NSW) 1991 and Regulations;
- iii. money received as a result of fundraising appeal activities conducted during the period from 1 January 2020 to 31 December 2020 has been properly accounted for and applied in accordance with the *Charitable Fundraising Act (NSW)* 1991 and *Regulations*; and
- iv. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

#### Opinion pursuant to ACFID Code of Conduct

In our opinion, the ACFID Financial Statement of Adara Development (Australia) is presented fairly, in all material respects in accordance with the ACFID Code of Conduct.
